# Welcome

Thank you for your interest in Biblos.com. We have developed this web ministry for the following purposes:

- 1) Increase the visibility and accessibility of the Scriptures online.
- 2) Provide free access to Bible study tools in many languages.
- 3) Promote the Gospel of Christ through the learning, study and application of God's word.

## Site Overview

Biblos.com serves the Christian Community by providing free access to Scripture Resources in over 40 languages and 120 translations. The site is popular among pastors, small group leaders and seminary students for its ease of use, reference materials and original language tools.

## Our Organization

Biblos.com is a production of the Online Parallel Bible Project. This project is privately owned and supported for the express purpose of sharing Bible study tools online. Most of our work is done by volunteers with an interest in using their technological skills to this end, and many resources have been donated or shared freely.

## Our History

The Online Parallel Bible Project began in 2004 as [Bible.cc](#), which provided a parallel, verse by verse view of 8 translations. Soon, many new tools were developed to support the parallel site. These began as separate sites, but our feedback led us to develop a single integrated platform. Eventually, several sites were integrated to form Biblos.com and later BibleHub.com.

## Site Features

**Bible Search with Auto Complete:**  
Type a phrase from any verse and we'll finish it and find it. Especially helpful for mobile.

**Parallel Verses:** Individual verses in parallel for each language.
